*The Mission of the Ontario Homicide Investigators Association (OHIA) is to bring together the men and women charged with the responsibility of investigating homicides and to provide a forum through which they can share their skill, knowledge, and expertise for their professional development and support.*

Each year the OHIA Workshop Committee provides content that is topical, relevant and aimed to benefit Canadian Homicide Investigators by developing their skills in the current environment. This ensures that the workshop is informative, relevant and educational.

## 2023 FEATURED PRESENTATIONS

Christine Harron (15 yrs.) reported missing in 1993. In 1999, OPP investigation failed to locate her body or solve her disappearance. In 2004, suspect confessed to her murder and at trial the statement ruled inadmissible and the charges stayed. In 2012, an OPP led covert operation initiated in hopes of gaining further evidence against the suspect.

Kayliegh Ivall (14 yrs.) reported missing and body located in remote area. Victim was in a relationship with 15 yr. old female suspect and both were associated to the Dilico Anishinabek Family Care services. Female suspect was also in an intimate relationship with an adult male, who admitted to being present for Katie's murder.
